Orleans Lecture Course.

The first number of the winter course will be given at Orleans Opera House Thursday evening, November 23d, by the Cheney Concert Company, a company of superb artists featuring the "White House Chimes." For harmony and richness of tone they are unexcelled.

The Cheneys, having made music their life study and profession, and having toured practically every state in the Union in the last six years, have built a reputation as soloists and artists that is indeed enviable. The title of the "Return Date Party," has been rightfully given them—having made third and fourth return dates, always with an increased attendance.
